

GIRL BALKS LUNATIC ARMED WITH RAZOR AND PREVENTS MURDER

Rushes Pursued Man Into
House and Slams Door on
Raging Madman.

Quick thought and action by seventeen-year-old Mabel Connors of No. 45 Shepherd avenue, East New York, doubtless saved the life of Michael Imbroto, a contractor, of No. 250 Milton street, to-day.

The third party in the adventure is Frank Scutri, thirty years old, an employee of Imbroto. Scutri became suddenly insane and, drawing a razor, started for his boss. The fact that Scutri was at the bottom of a cellar excavation and Imbroto was at the street level gave the contractor a good start. He ran through Elton street to Fulton street and turned from Fulton into Shepherd avenue.

Miss Connors was standing at the gate in front of her home when Imbroto came along, waving much of his wild hair and tones for help. Scutri, also howling, was closing up. Grasping the situation in a second, Miss Connors called to Imbroto and opened the gate. Imbroto turned in, Miss Connors slammed the gate and rushed Imbroto up the steps and into the house, locking the front door.

Scutri got on the porch just in time to have the door slammed in his face. He was making vain efforts to butt down the side of the house with his head when Detective William Ryan of the Miller avenue station appeared and overpowered him. Magistrate Miller, in New Jersey Avenue Court, sent Scutri to Kings County Hospital for observation as to his mental condition.

WALL STREET

Market Closing.—Trading continued on a small scale, with the copper stocks strong and active. Amalgamated Copper rose to 63-3/4, Utah 45-7/8, and fractional gains were made in the others. Missouri, Kansas & Texas was in demand, rising to 22-3/4. Central Leather was active, advancing to 24, and Baltimore & Ohio sold up to 21-1/2. In the last few minutes prices eased off in the prominent stocks and prices were rather mixed in a number of specialties, showing gains, while the general list was fractionally off. Total sales, 300,000 shares.

With the exception of the copper issues, lower prices prevailed in the early trading, with Canadian Pacific showing a loss of a point in response to a similar decline in London, other international issues yielded fractions, but the recessions were not accompanied by any indications of weakness and a steadier tone. Haven stock developed weakness, losing 1/2 point, while California Petroleum was sold down to 16-1/8, a loss of 2 points, and a few of the active issues lost about one point. Third Avenue stock was strong, advancing to 35-7/8.

Trading was very quiet and listless, with no demand. New Haven sold down to 100 under pressure of offerings, and was very active. The other stocks were steady and dull up to 1 o'clock, when prices hardened with the lead of the copper stocks, and recovered most of the early decline. Republic Steel sold up to 21-3/4 and Reading 150-3/4.

Travelling Man Recommends Duffy's

MR. CHAS. W. GITTLEMAN
"I have used Duffy's Pure Malt Whiskey as a medicinal tonic since 1906. I had pneumonia and was directed by my family physician to use Duffy's. It did me a great deal of good and ever since it has been used by my family. I am 58 years of age and a commercial traveler. An outdoors a great deal, and find this medicine a worthy stimulant and good preventive of colds, etc., for which I cheerfully recommend it."
—Charles W. Gittleman, 1684 Gates Ave., Brooklyn, N. Y.

It is a great remedial agent in the treatment of pneumonia, grip, coughs, colds, other throat and lung troubles, and in all stomach troubles. Duffy's Pure Malt Whiskey is the only whiskey that was tested by the Government as a medicine during the Spanish-American War. Only one brand of whiskey was found to be pure and honest.
